

JOB ID: HCAD2202

AutoCAD/Civil 3D CAD Technician

Hurst-Rosche has an opportunity for a AutoCad/Civil 3D CAD Technician based out of our Hillsboro office. We are an integrated design firm that unites a dynamic team of engineers, architects, surveyors, and industry specialists driven to help solve our clients' greatest challenges.

This position will support project managers, engineers, and architects in the preparation of technical/construction drawings and presentation drawing exhibits for a wide variety of projects.

Qualified candidates should have technical training in Computer Aided Drafting / Design with knowledge of Civil/Survey processes or equivalent work experience in land surveying, civil engineering, or related field.

Specific Requirements Include:

- Proficiency and established experience with AutoCAD/Civil 3D.
- Experience with MicroStation Connect and Geopak or similar platforms, a plus.
- Working knowledge of land surveying and civil engineering principles and processes.
- Excellent written & verbal communication skills are essential.
- Working knowledge of Microsoft office software, including intermediate Excel skills.

Hurst-Rosche offers a dynamic, collaborative and rewarding environment while providing the flexibility to balance your personal and professional life. We offer a competitive salary and benefits package, bonus plan, matching 401k, affordable health, dental, and vision coverage, paid life insurance and short-term disability coverage

Hurst-Rosche recognizes the value of diversity in our workforce. We are committed to equal opportunity. We consider all qualified employment applicants without regard to race, religion, color, gender, age, national origin, sexual orientation, gender identity, partnership status, protected veteran status, disability, or any other status protected by federal, state, or local law.
