

JOB ID: HCADEVIT2201

AutoCAD/Revit Technician

Hurst-Rosche has an opportunity for an AutoCAD/Revit Technician based out of our **Hillsboro** office. We are an integrated design firm that unites a dynamic team of engineers, architects, surveyors, and industry specialists driven to help solve our clients' greatest challenges.

This position will support engineers, and architects in the preparation of technical and construction drawings, and presentation drawing exhibits for a wide variety of projects as well as field activities from time to time.

Qualified candidates should have technical training and or experience with AutoCAD and Revit as well as other technical trade programs and applications.

Specific Requirements Include:

- Proficiency and established experience with AutoCAD and Revit
- Experience in vertical design projects of either structural, architectural, or both
- Excellent written & verbal communication skills are essential
- Working knowledge of Microsoft office software, including intermediate Excel skills
- Willingness or experience to assist in field activities including verification of construction activities, and collection of field information and data.

Hurst-Rosche offers a dynamic, collaborative and rewarding environment while providing the flexibility to balance your personal and professional life. We offer a competitive salary and benefits package, bonus plan, matching 401k, affordable health, dental, and vision coverage, paid life insurance and short-term disability coverage

Hurst-Rosche recognizes the value of diversity in our workforce. We are committed to equal opportunity. We consider all qualified employment applicants without regard to race, religion, color, gender, age, national origin, sexual orientation, gender identity, partnership status, protected veteran status, disability, or any other status protected by federal, state, or local law.
