

JOB ID: ACE2002

Civil Transportation Engineer

Arnold, MO

Hurst-Rosche has an opportunity for a **Civil Engineer** based out of our **Arnold, MO** office. We are an integrated design firm that unites a dynamic team of architects, engineers, surveyors, and industry specialists driven to help solve our clients' greatest challenges. Position duties will include:

- Planning and design of roadway, site development and storm water projects.
- Prepare construction plans, specifications and estimates.
- Familiarity with MoDOT and LPA design requirements, design policy manuals, submittals and permitting requirements.
- Proficiency in Microstation/Geopak SS4/OpenRoads and/or AutoCAD/Civil 3D

Qualified candidates must have a minimum Bachelor in Civil Engineering from an ABET accredited program. Candidates without a degree from an accredited program will not be considered. Minimum of 5 years of related experience and a **Professional Engineer License are required**. Familiarity with AutoCAD, MicroStation, Open Roads, Civil3D, or similar platforms preferred. Excellent written & verbal communication skills are essential. Projects frequently require physical inspection of site and may be done independently.

Hurst-Rosche recognizes the value of diversity in our workforce. We are committed to equal opportunity. We consider all qualified employment applicants without regard to race, religion, color, gender, age, national origin, sexual orientation, gender identity, partnership status, protected veteran status, disability, or any other status protected by federal, state, or local law.
