

JOB ID: ILCE2101

# Civil Engineer

**East St. Louis, IL / Hillsboro, IL**

Hurst-Rosche has an opportunity for a **Senior Civil Engineer** based out of our **East St. Louis, IL or Hillsboro, IL** office. We are an integrated design firm that unites a dynamic team of architects, engineers, surveyors, and industry specialists driven to help solve our clients' greatest challenges. Position duties will include:

- Manage technical and support staff in the development of projects.
- Prepare engineering reports, plans, plan specifications and other contract documents for the design of civil projects.
- Construction & Project Management.

Qualified candidates must have a minimum Bachelor in Civil Engineering from an ABET accredited program. Candidates without a degree from an accredited program will not be considered. Minimum of 10 years of related experience and a **Professional Engineer License are required**. Experience with AutoCAD, MicroStation, Open Roads, Civil3D, or similar platforms preferred. Familiarity with Standards and Policies of USPS, IDOT, MoDOT, EPA and other Federal Agencies are looked upon as favorable. Excellent written & verbal communication skills are essential. Projects frequently require physical inspection of site and may be done independently.

Hurst-Rosche recognizes the value of diversity in our workforce. We are committed to equal opportunity. We consider all qualified employment applicants without regard to race, religion, color, gender, age, national origin, sexual orientation, gender identity, partnership status, protected veteran status, disability, or any other status protected by federal, state, or local law.
