

JOB ID: NSHCE2101

# Civil Engineer

**Nashville, TN**

Hurst-Rosche has an opportunity for a Civil Engineer based out of our Nashville, TN office. We are an integrated design firm that unites a dynamic team of architects, engineers, surveyors, and industry specialists driven to help solve our clients' greatest challenges. Position duties will include:

- Perform field reconnaissance to gather data and existing conditions.
- Perform inspections and observations of construction activities to assess compliance with contract documents. Complete testing of limited types of installations of materials/systems.
- Prepare engineering reports, plans, plan specifications and other contract documents for the design of a wide variety of civil related projects.
- Perform research for code, ordinance, and standards compliance.
- Proficiency in Microstation/Geopak SS4/OpenRoads and/or AutoCAD/Civil 3D

Qualified candidates must have a minimum Bachelor in Civil Engineering from an ABET accredited program. Candidates without a degree from an accredited program will not be considered. Familiarity with AutoCAD, MicroStation, Open Roads, Civil3D, or similar platforms preferred. Excellent written & verbal communication skills are essential. Projects frequently require physical inspection of site and may be required to be done independently.

Hurst-Rosche recognizes the value of diversity in our workforce. We are committed to equal opportunity. We consider all qualified employment applicants without regard to race, religion, color, gender, age, national origin, sexual orientation, gender identity, partnership status, protected veteran status, disability, or any other status protected by federal, state, or local law.
