

JOB ID: HWE2101

Senior Civil Water/Sewer Engineer

Hillsboro, IL

Hurst-Rosche has an opportunity for a **Civil Engineer** based out of our **Hillsboro, IL** office. We are an integrated design firm that unites a dynamic team of engineers, surveyors, landscape architects, and industry specialists driven to help solve our clients' greatest challenges. Position duties will include:

- Serve as Primary/Secondary client contact and client care relations
- Perform municipal/utility, site design, and hydraulic designs
- Perform designs associated with treatment plant and pump stations
- Prepare engineering plans, plan specifications and other contract documents for the design of water/wastewater systems
- Lead the production of design calculations and technical reports
- Familiarity with IEPA Design Policy Manuals, submittals and permitting requirements.

Qualified candidates must have an ABET accredited Bachelor in Civil Engineering. Minimum of 5 years of related experience and a **Professional Engineer License required**. Familiarity with AutoCAD, ReVIT, MicroStation, Civil3D, or similar platforms preferred. Excellent written & verbal communication skills are essential. Projects frequently require physical inspection of site and may need to be done independently.

Hurst-Rosche recognizes the value of diversity in our workforce. We are committed to equal opportunity. We consider all qualified employment applicants without regard to race, religion, color, gender, age, national origin, sexual orientation, gender identity, partnership status, protected veteran status, disability, or any other status protected by federal, state, or local law.
