

JOB ID: ILSUR2101

Survey Technician

Hillsboro/ East St. Louis, IL

Hurst-Rosche has an opportunity for a Survey Technician based out of our Hillsboro and/or East St. Louis Office. We are an integrated design firm that unites a diverse team of architects, engineers, surveyors, and industry specialists driven to help solve our clients' greatest challenges. The position duties will include:

- Perform a wide range of field surveying activities such as boundary, ALTA, DOT, municipal, topographic, construction, geodetic, etc. utilizing robotic total stations and GPS for data collection at a variety of sites and field conditions
- Perform the downloading, organization, and quality control of survey data and the subsequent preparation of drawing files and survey reports for Project Managers of various disciplines
- Perform survey and volume calculations, write legal descriptions, prepare staking files, and perform record and file research
- Provide professional coordination of survey work requests and comply with Office and Project Managers

Qualified candidates must have a minimum of 4 years of survey field experience utilizing survey equipment and office software, with familiarity with Trimble robotic total stations and GPS units, AutoCAD, Civil 3D, and Microstation preferred. Excellent written and verbal communication skills are essential.

Hurst-Rosche recognizes the value of diversity in our workforce. We are committed to equal opportunity. We consider all qualified employment applicants without regard to race, religion, color, gender, age, national origin, sexual orientation, gender identity, partnership status, protected veteran status, disability, or any other status protected by federal, state, or local law.
